Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: the prior art does not teach a micro machined moving device having a fixed and resiliently supported electrode with an AC drive circuit generating an AC drive voltage signal across the electrodes in response to an input control signal to drive the moving electrode into and out of contact with the fixed electrode. The prior art does not teach the drive circuits of claims 6-10. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
